**A** solid rhythm section, a hot saxophone master, and a smokin' guitarist combined with the soul flavored hits of Grover Washington, the lite jazz of Kenny G, and the timeless classics of Duke Ellington, makes for a fun, user friendly, jazz experience. Along with a vast repertoire of contemporary jazz favorites and popular standards, **Breeze** performs fresh and clever arrangements of pop tunes from the Beatles, Steely Dan, and Stevie Wonder. The variety of songs, and the great playing musicians have made Breeze more popular than ever!
